Dear Lowell:

Pursuant to comment UMC 817.101 issued to Genwal Coal Company on October 19, 1988, we herewith submit revised mass balance calculations for reclamation of the Crandall Canyon Mine (ACT/015/032). These revisions are in the form of a revised Item 3-12 and Revised Plates 3-4, 3-5, and 3-5a.

Following revision of the mass balance calculations, the bond estimate has remained unchanged (see Item 3-12). Please contact us if you have any questions.

Sincerely,
